

The architectural drawings show the corridor (廊下) in two views:

- Plan View (C方向):** Shows the corridor layout with a total width of 7,050 and a clear width of 6,700. The corridor is 350 units wide on the left. The height is 3,000 units. The floor level (FL) is 200 units and the ceiling level (SL) is 250 units. The corridor is labeled "廊下" and "巾木" (baseboard). The walls are labeled "可動棚: メラミン合板仕上げ" (movable shelf: melamine plywood finish).
- Section View (D方向):** Shows the corridor cross-section with a total width of 2,000 and a clear width of 1,200. The height is 3,000 units. The floor level (FL) is 200 units and the ceiling level (SL) is 250 units. The corridor is labeled "廊下" and "巾木" (baseboard). The walls are labeled "可動棚: メラミン合板仕上げ" (movable shelf: melamine plywood finish).
